- Choosing an educational program: Tech. / Voc school, Community College, 4-year schools
- How to get and use financial aid: grants, scholarships, and loans
- Understanding the real costs: tuition, fees, school supplies, transportation, and living expenses
- How to access resources in their community
- Career Planning
- Academic support to help them succeed
- Developing and maintaining a budget
- Balancing life and taking care of their emotional and physical health

How Can You Help?

- Talk to your students about their plans for the future, and verify they know their benefits.
- Confirm your students are taking high school classes that will prepare them for higher education.
- If a student is not interested in college, encourage them to go to Tech/Voc. School and get a career.
- Talk to foster parents about higher education and benefits.
- Tell high school seniors and college students to apply for financial aid for the next year on Oct. 1.

Tips for Calling your Coordinator

Please remind youth…

When you call your coordinator, if they don't answer:
